## Hanging Instructions

### Impasto W1090

Do not cut or install until you have read these instructions. Weitzner recommends hiring a professional wallcovering installer. For a list of professional installers, please visit [www.wallcoveringinstallers.org](http://www.wallcoveringinstallers.org)

#### WALLCOVERING PREPARATION:

- Do you have the right amount of wallcovering yardage? If not, stop and contact your local sales representative.
- Make sure your tools, hands and workspace are clean.
- Never crease the wallcovering, and avoid touching the face.
- Inspect the wallcovering before installing to ensure it is free from defects.
- Install a **maximum of 3 sheets**, then inspect application. If satisfactory, continue. If not, discontinue and contact your local sales representative.

#### WALL PREPARATION:

- Make sure the surface you are hanging on has been properly prepared.
- Walls should be clean, smooth, dry and structurally sound.
- Repair any holes or flaws in the walls prior to installing wallcovering.
- We recommend priming walls before installing the wallcovering using Zinsser® Shieldz® or equivalent wallcovering-specific primer.
- Do not hang wallcovering directly on an oil-based primer.

#### ADHESIVE:

- We recommend Roman® 838 or equivalent clear, non-strippable, starch-based adhesive.
- It is advisable to apply adhesive to the back of the wallcovering using the booking method, allowing 3 to 5 minutes for proper set-up time.

#### TRIMMING:

- The edges of this wallcovering are factory trimmed.
- We recommend trimming a clean, straight edge on your work table and butting the seams of this wallcovering.
- We do not recommend double cutting any of our handmade papers.
- Trim material at the ceiling, baseboard, windows and doors with a single-edged razor blade.
- Always use a new, very sharp blade for each cut.

#### REPEAT:

- W 36" H 13"
- This wallcovering is not intended to match at the seams and should panel when installed.

### RECOMMENDATIONS:

- If you decide to hang multiple drops of this wallcovering, they should be trimmed and hung as they are unrolled. It is not recommended to reverse hang this wallcovering.

### CARE INSTRUCTIONS:

- Liquid stains should be removed immediately by blotting with a clean, damp, white cloth. Regular vacuuming with a soft brush attachment may be used to remove dust deposits.
