WALLCOVERING PREPARATION:

- Do you have the right amount of wallcovering yardage? If not, stop and contact your local sales representative.
- Make sure your tools, hands and workspace are clean.
- Never crease the wallcovering, and avoid touching the face.
- Inspect the wallcovering before installing to ensure it is free from defects.
- Install a **maximum of 3 sheets**, then inspect application. If satisfactory, continue. If not, discontinue and contact your local sales representative.

WALL PREPARATION:

- Make sure the surface you are hanging on has been properly prepared.
- Walls should be clean, smooth, dry and structurally sound.
- Repair any holes or flaws in the walls prior to installing wallcovering.
- We recommend priming walls before installing the wallcovering using Zinsser® Shieldz® or equivalent wallcovering-specific primer.
- Do not hang wallcovering directly on an oil-based primer.

ADHESIVE:

- We recommend a mixture of Roman® 880 and Roman® 838, or equivalent adhesive.
- It is advisable to apply adhesive to the back of the wallcovering using the booking method, allowing 3 to 5 minutes for proper set-up time.
- Take care not to get any glue on the face of the wallcovering. If glue does get on the face of the wallcovering, immediately blot with a dry, clean, white cloth.

TRIMMING:

- The edges of this wallcovering are factory trimmed; however, please use your judgment if further trimming is necessary.
- We recommend trimming a clean, straight edge on your work table and butting the seams of this wallcovering.
- We do not recommend double cutting any of our paper-backed textiles.
- Always use a new, very sharp blade for each cut to avoid fraying.
- Trim material at the ceiling, baseboard, windows and doors with a single-edged razor blade.

- If loose threads should occur, use a clear wallcovering adhesive (Roman 838) and apply a small quantity with a brush over the face of the product or a spray fixative such as Krylon's workable fixative-easily found in art supply stores.

solvent should be used for stains such as coffee, red wine, and oil. Spot test the wallcovering with the cleaning solvent to ensure it doesn't leave a watermark. Regular vacuuming with a soft brush attachment may be used to remove dust deposits.

REPEAT:

- This wallcovering does not have a repeat pattern.

SPECIAL NOTES:

- Not guaranteed against fading or color change. Avoid direct or brilliantly reflected sunlight.

RECOMMENDATIONS:

- If you decide to hang multiple drops of this wallcovering, they should be trimmed and hung as they are unrolled. It is not recommended to reverse hang this wallcovering.
- To avoid fraying, take care not to overwork the seam.
- Affix the wallcovering to the wall using a soft brush or wallcovering installation tool, and gently work out any air bubbles or wrinkles. Smoothing should be done from the middle of the wallcovering, working toward the outside edge.

CARE INSTRUCTIONS:

- Water and clear liquids should be removed immediately by blotting with a clean, dry, white cloth. A dry-cleaning
